The Water and Sewer Committee met to interview Engineers for Proposals for Storm Water Survey.

They first had a presentation from Interstate Engineering, the presentation can be viewed at <https://storymaps.arcgis.com/stories/45b9f1c6c1c246dc84a3d634a90b4b3f>. The presentation was given by Jordan Mayer, Project Manager and Team Leader, Mike Bassingthwaite, Hydration and Hydrology, and Brent Moore, Funding and Grant Assistance.

The Water and Sewer Committee then received a presentation from Morrison Maierle, the slides of which are attached. The presentation was given by Laura Gundlach, Molly Davidson, and Casey Hanson.

After listening to both presentations Alderman Smith stated that both had great presentations and that he appreciates aspects from both presentations including Interstates experience and being local and Morrison Maierle's grant involvement. He further stated that because of the grant involvement, he is leaning towards Morrison Maierle, to which Alderman Koffler agreed.

It was the recommendation of the Water and Sewer Committee to move forward with Morrison Maierle for the City of Sidney Storm Water Study.

Meeting was adjourned at 7:53 pm.
